SAHIL DHIMAN

Frontend Developer | Full Stack Developer

Bangalore, India | +91-9015130859 | sdhiman1509@gmail.com | Linkdin

PROFESSIONAL SUMMARY

Computer Applications graduate with hands-on experience in React, JavaScript, Node.js, and MongoDB, focused on building responsive and scalable web applications. Proficient in frontend development, RESTful API design, and database-driven application development through academic projects and industry internship. Seeking an entry-level Frontend or Full Stack Developer role to contribute technical expertise and grow within a collaborative team.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript

Web Technologies: React, Node.js, Express.js, HTML5, CSS3

Databases: MySQL, PostgreSQL, MongoDB Atlas

Tools & Platforms: Git, GitHub, Visual Studio Code, Postman

PROFESSIONAL EXPERIENCE

Technology Intern | REVEZA, Bangalore *Nov 2024 – Dec 2025*

- Assisted in developing and maintaining internal web-based tools using JavaScript and React, improving operational workflows.
- Analysed service performance data and prepared structured reports to support data-driven operational improvements.
- Collaborated cross-functionally with technical and client-facing teams to identify issues and propose effective solutions.
- Conducted client field visits to gather requirements and translate feedback into actionable technical insights.
- Supported testing, documentation, and optimization of existing systems, contributing to improved application reliability.

PROJECTS

Health AI – Symptom Checker Web App· *React, JavaScript, HTML, CSS, Chat UI, AI Symptom Logic, Vercel*

LINK : WebsiteLink

- Built AI-based health assessment tool based on symptoms input.
- Suggested possible conditions, precautions, and recommended tests.
- Designed chatbot-style interface with interactive health guidance.
- Designed responsive UI and deployed on Vercel.

Mental Health Support Web App · *React, JavaScript, HTML, CSS, AI Logic (rule-based), Vercel, Responsive UI*

LINK : WebsiteLink

- Built AI-powered mental health support web app with mood analysis.
- Implemented self-assessment quiz and emotional tracking features.
- Added interactive stress-relief tools and wellness resources.
- Designed responsive UI and deployed on Vercel.

Sunil and Company - Courier Service Website · *React, JavaScript, HTML, CSS, Responsive Design, Netlify*

LINK : WebsiteLink

- Developed responsive courier service business website using React.
- Designed services pages, contact form, and inquiry workflow.
- Built reusable UI components with clean professional layout.

- Deployed live website on Netlify with mobile optimization.

User Management System · *Node.js, Express.js, MongoDB Atlas*

- Developed a server-side web application implementing full CRUD functionality for user data management.
- Designed and documented RESTful APIs to manage user data securely and efficiently.
- Integrated MongoDB Atlas for scalable cloud-based data storage and retrieval.
- Validated all API endpoints using Postman and followed modular, maintainable coding practices.

Online Hotel Reservation System · *React, JavaScript, HTML, CSS*

- Built a responsive hotel reservation platform featuring interactive UI components and intuitive user flows.
- Implemented calendar-based room availability selection and reservation forms with real-time feedback.
- Created confirmation workflows and form validation to enhance overall user experience.

VIRTUAL ENGINEERING EXPERIENCE (FORAGE)

Skyscanner Front-End Engineering Simulation

- Built a React-based date selection interface using Skyscanner's Backpack UI component library.

Citi Technology Software Development Simulation

- Created UML state diagrams for loan management workflows; researched ML approaches for credit risk assessment.

J.P. Morgan Software Engineering Simulation

- Diagnosed and resolved broken frontend components; integrated Perspective library for live data visualization.

EDUCATION

Master of Computer Applications (MCA) *2021 – 2023*

Amrita Vishwa Vidyapeetham | CGPA: 8.1

Bachelor of Science (B.Sc.) *2017 – 2020*

Lyallpur Khalsa College, Jalandhar | Percentage: 60.6%

CERTIFICATIONS

- **Prostack Academy (Bangalore) —** Full Stack Python — Python, MySQL, JavaScript, AI, Databases
- **Meta Frontend Developer Certificate —** HTML, CSS, JavaScript, React, and UI best practices
- **CCNA (Cisco) —** Networking fundamentals, protocols, and network devices
- **Elements of AI —** Core AI concepts and real-world applications
- **Google Cloud: Generative AI —** GenAI tools, foundation models, and learning path
- **IBM Python for Data Science —** Python fundamentals, data handling, and basic analysis

LANGUAGES

English (Fluent) | Hindi (Fluent) | Punjabi (Fluent)

LANGUAGES

- Strong problem-solving and analytical abilities.
- Effective communication and teamwork.
- Leadership and time management.

DECLARATION

I hereby declare that the above-mentioned information is correct and true to the best of my knowledge and beliefs.
